

ALFALFA: Summary of other follow-up projects

Martha Haynes

ALFALFA at Ithaca
June 23-24, 2006

ALFALFA

Proposed followup projects

- **Synthesis imaging of low mass dwarfs discovered by ALFALFA**
 - PI: Ayesha Begum
 - Target list provided by ALFALFA team
 - GMRT synthesis observations of very low mass dwarfs
 - 2 objects observing in June '05; further obs proposed
- **Integrated spectra of galaxies detected by ALFALFA**
 - PI: Alessandro Boselli
 - Target list provided by ALFALFA team
 - OHP observations in Apr'06; more planned for fall
- **H α imaging of ALFALFA galaxies in selected cluster fields**
 - PI: Peppo Gavazzi
 - Target list provided by ALFALFA team
 - SPM observations in Apr'06; more planned for fall

ALFALFA

Proposed followup projects

- **GALEX-ALFALFA crossmatch**
 - PI: TBD
 - Archival GALEX study
 - Target list provided by ALFALFA team
 - Proposal due July 7
- **GALEX observations of ALFALFA dark galaxies**
 - PI: TBD
 - Target list provided by ALFALFA team
 - Proposal due July 7
- **ALFALFA galaxies in GALEX/Virgo fields**
 - PI: Alessandro Boselli
 - Target list provided by ALFALFA team
 - GALEX-AGES-Virgo survey already covered by ALFALFA
